Luke Hannah, Chairman, Board of Appeals

Dear Mr. Hannah,

I am writing in response to the appeal hearing for Richard Turner regarding the case of special exception and variances for his slaughterhouse. I am a 4-H leader in St Mary's County and Mr. Turner has been a valuable supporter for the youth in St. Mary's, Charles, and Calvert Counties. He helps the kids by buying livestock from the fairs at above market value. These kids have worked hard on their projects and it is a continuation of their farming heritage here in southern Maryland.

I have personally been to Mr. Turner's shop on numerous occasions and have found it always to be neat, clean and very organized. He follows all safety precautions and treats his customers with respect and kindness. I ask that you please rule in his favor in this matter.

Thank you.
